WORLD AND COLLEGE RECORDS BROKEN-PRINCETON WINS FOURTH PLACE IN THE

INTERCOLLEGIATE CONTESTS

The twenty-fourth annual track and field meetthe Intercollegiate Athletic Association, hich came to a close yesterday at Manhattan Field, resulted in an overwhelming victory for the athletes from the University of Pennsylvania. At the end of the day the scores showed that Pennsylvania had made 57 points. Harvard was second, with 28 points, and Yale third, with 2214 points. The questionable honor of fourth place was finally secided in favor of Princeton by one point, Princeton having 11 and Syracuse 10.

It was a practical walk-over for the men from Pennsylvania. Out of the thirteen contests, the Quaker City men took nine firsts, three seconds, one third and one fourth. From any point of view this must be looked upon as a remarkable show-Many people are of the opinion that "Mike" Murphy, the sturdy trainer, once with Yale and now the guiding star for Pennsylvania in athletics. deserves considerable credit for the splendid performance of his men.

the hands of capable trainers, the Quaker City men looked to be in perfect health and strength. In nearly every contest in which they were entered the visitors from Pennsylvania showed up to the fought finish. This was where condition told, and was noticeable that Pennsylvania had plenty of in reserve. Old-timers who had followed track nd field sports for years commented upon the age of the members of the Pennsylvania track and field eam. As compared with the representatives of ther colleges, they appeared to advantage in this respect. Years must be taken into account in athany other sports in which the muscular energy and physical development of the matured individual are of the greatest importance in a severe

THE WEATHER WAS IDEAL.

The attendance was good, compared with that can hardly be said that there was the same notsy enthusiasm shown as is customary at baseball and Vale and Harvard supporters. One or two groups of lusty Penasylvania students had all they could do to keep up with the victories which came their way, while a small body of supporters of Old Nassau gave excellent vocal support to the New-Jersey representatives. The contests were free from accidents. The weather conditions favored excellent time in all of the running contests. The sun was under a cloud most of the afternoon. There was hardly a breath of air stirring. Under these circumstances it was not surprising that two records broken yesterday to add to the record made by Kraenzlein on Friday. Kraenzlein was not ompelled to take part again in the running broad jump, as his performance on Friday had been so good that none of the other competitors was able to get anywhere near the figures set by him in the preliminaries. In the quarter-mile run nbia, made a runaway race of it, breaking the intercollegiate record of 0:49%. His time for the distance war 49 2-5 seconds. Kraenziein added another world's record to his string in the 120-yard hurdle race. He fairly ran away from his field, and won as he pleased in 15 2-5 seconds, illustrating forcibly to the experts who were present that he holds this contest safe for a long time. Many are of the opinion that he can further lower the record whenever the conditions are favorable and he feels

The final of the 100-yard dash furnished a magnificent contest Jarvis, a Princeton sprinter, led to within twenty yards of the tape, when Tewks-bury, with a magnificent burst of speed, breasted nim and won by about half a foot. It was a finish of the Wefers sort, and the onlookers watched the actions of the timekeepers closely as they drew to one side to consult their watches. That the race was fast was apparent to all, and some of those present were of the opinion that the time was close to the recognized record of 9 4-5 seconds, held by Wefers. The time was 10 seconds flat, a most creditable performance under any and all condins. Kraenzlein, Tewksbury and Grant were the bright particular stars of the day, although Cregan, of Princeton; Burke, of Harvard; Long, of Columbia, and McCracken came in for their share

The field was in excellent condition, but the stands looked musty and old. The attendance was estimated at between 3,500 and 5,000. Pretty girls and handsome matrons, in becoming spring and

race John Bray, of Williams, overtook J. F. Cre-gan, of Princeton, who had held the lead up to that point. The Williams man increased his lead to three yards, turning into the stretch for home. Cregan, with a supreme effort, caught Bray some forty yards from the tape, and won with a little

Yale's only win was effected by R. G. Clapp, the pole-vaulter, who beat the intercollegiate record to eclipse the world's record of il feet low inches. Then he attempted to eclipse the world's record of il feet low inches. The bar was placed at 11 feet 11 inches, and in the first attempt he got clear over, but brought it down with his shoulder. His next effort was not so good, each he sayes up the attempt.

LITTLE LEFT FOR ST. PAUL'S. HILL SCHOOL CARRIES AWAY THE HONORS IN THE TRIANGULAR LEAGUE GAMES.

Garden City, Long Island, May 27 .- Some good sport was seen this afternoon on the large fields of St. Paul's Cathedral School, where were held the second annual field games of the Triangular League, which is composed of three of the leading preparatory schools of the East—the Cathedral School of St. Paul's, at Garden City; the Lawrenceville School, of New-Jersey, and the Hill School, of Pottstown, Penn. St. Paul's School won the bulk of the honors last year, and to-day was defeated in almost all the contests. The Hill School carried away the honors.

In the hundred-yard dash the record of the Long Island Interscholastic League for the St. Paul's grounds was lowered. This, however, is said to be due to the fact that a stiff wind was blowing at the back of the contestants. The record for throw-ing the twelve-pound harmer was also broken. This was made by De Witt, of the Lawrenceville School.

The total points of the schools were: Hill School.

43; Lawrenceville, 30; St. Paul's, 24. The summaries of the games are as follows:

summer gowns, added to the general attractiveness of the scene. From the heights of distant Coogan's Biuff floated an immense Yale flag, but it did not bring victory to the sons of Old Eli. The only chance for criticism was found in the running off of the field contests. The track races were finished in good season, and the last contest was over soon after 4 o'clock. The delays in finishing the field contests were vexatious.

THE ONE-MILE RUN.

PRINCETON AGAIN DEFEATS HARVARD HILLERRAND'S GOOD WORK

IN THE BOX. Cambridge Mass. May 27.-Princeton defeated Harvard this afternoon on Soldiers' Field for the second time this season, and again the Tigers rolled up double figures, the score being 12 to 2. Hillebrand's pitching was superb, and the Harvard batters could do little with his curves. On the other hand. Fitz was batted for a home run and two doubles, while singles were numerous. The visitors began scoring in the second inning through heavy hitting and bad errors by Harvard, and again in the fourth Princeton's hitting proved strong. Suter sent in two men ahead of himself by a fine home run. Harvard scored two solltary runs in the fifth but they were both presented by ! Princeton. During the remainder of the game

ORANGE DEFEATS LEHIGH.

The Orange Athletic Club baseball team defeated the Lehigh University team at Orange Oval yesterday by a score of 7 to 5. The Orange team was in the lead until the eighth inning, when the Lehigh players got together and tied the score. Law-son, the new pitcher of the Orange Athletic Club, who came from the University of North Club, who came from the University of North fractions, was in good form in the early part of the game, and his pitching saved the day for the Orange boys. The Orange team won out by making two runs in the tenth inning, making the final score 7 to 5.

HEAVY BATTING AT OHIO FIELD. The New-York University baseball team defeated the Rutgers College team yesterday, at Ohio Field, Williamsbridge, by a score of 25 to 7.

EAGAN'S COFFEE PLANTATION.

Honolulu, May 19, via San Francisco, May 27 (Special).—Friends of General Charles P. Eagan, ex-Commissary-General, stated before he was retired that he was without means and needed a salary. It is known here that he possesses, among other property, a coffee plantation on the island of Hawati which is worth about \$50,000. He bought the plantation several years ago, and placed his son in charge. Now he learns that his son, in common with most of the coffee planters, has given an option on the coffee planters, has given an option on the land to the New-Olaa sugar plantation. Eagan thinks there will be more money in coffee. In the end, he says, island sugar is sure to meet competition with sugar from Cuba and Porto Rico, and hence all sugar plantations in Hawaii will suffer. He is also vexed because an option has been given to a company in which Lorin A. Thurston is interested, as he dislikes Thurston.

FORTY THOUSAND

That's the Number of Physicians Who Use the New Preparation for Dyspepsia and Wasting Diseases.

THEY DO SO BECAUSE IT IS NOT A SECRET PATENT MEDICINE.

And Because They Know it Cures Every Form of Indigestion and Stomach Trouble.

It has been recently stated that not less than 40,000 physicians are using or indorsing the new discovery for indigestion sold by druggists under the name of Stuart's Dyspepsia Tablets. Dr. Tomlinson gives the following reasons why physicians regard this new remedy with so much favor.

First, because it is not a secret patent medicine, but a scientific combination of vegetable essences, pure aseptic pepsin, free from animal impurities and of very high digestive power, bismuth and golden seal.

It has been tested repeatedly and the experiments have proven that one grain of the digestive principles in Stuart's Dyspepsia Tablets will digest three thousand times its own weight of lean meat, eggs, oatmeal and similar wholesome foods.

The tablets are absolutely harmless and can be given and are given with benefit to little children and infants suffering from indigestion, as shown above they contain no mineral poisons, nor anything in any way injurious.

Dr. Wuerth says he has noticed in many cases that the tablets not only cured the indigestion, but that a very noticeable increase of flesh resulted where people who used the tablets were thin and run down in flesh before taking them, and it is not at all surprising that such should be the case when it is remembered that most people are thin because their stomachs are out of order, and when perfect digestion is brought back an increase of flesh is the natural accommatter whether the stomach is in good working order or not, and cure all forms of dyspepsia.

Within the last six mont lie for hours in the stomach, fermenting, decaying, filling the system with the germs of disease, but is assimilated, nour-ishing and invigorating not only the body and brain, but the stomach itself, as well.

The Tablets are absolutely harmless and can be given and are given with benefit to little children and ifants suffering from indigestion, but the tablets not only cured the indigestion, but that a very noticeable increase of flesh resulted where people who used the tablets more and are

of lean meat, eggs, oatmeal and similar wholesome foods.

The tablets act wholly upon the food taken
into the stomach, digesting it thoroughly no
matter whether the stomach is in good working
order or not, and cure all forms of dyspepsia
and stomach troubles on the common sense plan
that they nourish the body and rest the stomach at the same time.

Stuart's Dyspepsia Tablets do not act upon
the bowels like the old-fashloned after-dinner
pills, nor are they an artificial stimulant like
"stomach bitters" nor are they in any way
similar to so-called pre-digested foods, which
consist of 85 per cent of "glucose," the stuff
that cheap candles are made from, but Stuart's
Dyspepsia Tablets do what none of these do,
they act wholly upon the food eaten and digest
it completely and 'he cure of indigestion is an
assured fact, because the food being promptly
